Dear WCS Community,

A Sterling Heights High School student posted a picture on SnapChat of someone displaying two firearms while threatening another student who attends the school. The picture was found on Google and reposted by the student.

The Sterling Heights Police immediately investigated the threat, contacted the student and parents. The investigation concluded that this was not a credible threat but another example of a student making a very poor decision.

Part of this quick resolution was due a parent notifying the administration of this SnapChat, which allowed for the quick resolution.

At no time was there a credible threat to the school, and parents please use this opportunity to talk with your children about saying and posting things that will most certainly get them into trouble.

All is well at Sterling Heights High School, and if you have any questions, please contact the school.

Sincerely,

Robert D. Livernois, Ph.D.  
Superintendent
